Team, Practice & Roster Info

SINGLES TEAMS - Matches consist of 6 players. On match dates, half the team will play at home, the other half at the opposing team site. Match play is 90 minutes, using regular scoring, with 10-point match tie-breaker in lieu of a 3rd set.

DOUBLES TEAMS - Matches consist of 4 teams (8 players). All matches are played at one site. Match play is 2 hours in length, use regular scoring, with 10-point match tie-breaker in lieu of a 3rd set.

TEAM PRACTICES - Players are required to attend the team practice scheduled on the off-match weeks or are responsible for finding a substitute if they cannot attend. ICT provides a sublist but you can also select someone you know at your level to attend. Players are charged for practice no-shows. Please be on time!

TEAM ROSTERS - ICT will determine team rosters and initial team positions by player USTA ratings and last year's results. We have given an opportunity to have a "buddy" for a singles team and "doubles pair" for a doubles team if the ratings are the same.

USTA MEMBERSHIP - Players must have a current USTA membership, good through May of 2020, before they can sign up. To obtain a membership, visit www.usta.org, or call 1-800-990-8782.

WDL MATCH TIMES - Match times played at other clubs may differ from ICT's match time. Home team sites all have unique match times.
