

Whether you're a first time beginner or an advanced veteran, we have a tennis program perfect for you.

Our philosophy is that tennis should be both easy to begin, but challenging to master. That means that all of our adult classes are designed to get you playing the game of tennis as quickly as possible. Once you discover you love it, we will help you to improve at a pace that fits your ability and schedule.

We strive to make learning tennis fun. Our experienced coaches use fun games and drills that keep you moving and hitting a lot of balls. We want to give you a great workout while playing the sport of a lifetime every time you step on the court.

To get started, simply sign up for the program that best fits your skill level and schedule. If you're a beginner we will start with the "Play in a Day" program designed specifically to teach beginners how to rally and score on the first day.

For more experienced players we offer drills throughout the week at times that fit most schedules and skill levels. If you aren't sure where you fit, just read the rating descriptions on the Skill Level page of this brochure, or ask an ICT pro to evaluate your play. Remember, we want you to have fun, learn, and be challenged, so feel free to ask for help signing up for the right class or drill group.

Finally, you can take satisfaction in knowing that every time you play tennis with us, you are supporting the InnerCity Tennis' ability to provide free tennis and life skills training to kids who otherwise would not have the opportunity to learn and play this great sport. You can read more about the far reaching impact of InnerCity Tennis on the back page of this brochure.

Our experienced coaches teach the healthy sport of a lifetime. We provide the facility and create the learning environment that is always fun, and ideally challenging. All you need is your racket and some enthusiasm.

See you on the courts!

PLAYER LEVELS/MISC.

Adapted for InnerCity Tennis

from the U.S. Tennis Association's NTRP rating system.

BEGINNING PLAYER

1.0 – 1.5 Has no or limited tennis experience and is still working primarily on getting the ball into play.

2.0 Needs on-court experience. Has obvious stroke weaknesses but is familiar with basic positions for singles and doubles play.

2.5 Learning to judge where the ball is going although court coverage is weak. Can sustain a short rally of slow pace with other players of the same ability.

BEGINNER - INTERMEDIATE PLAYER

3.0 Fairly consistent when hitting medium-paced shots, but is not comfortable with all strokes and lacks execution when trying for directional control, depth or power.

INTERMEDIATE PLAYER

3.5 Has achieved improved stroke dependability with directional control on moderate shots, but still lacks depth and variety. Starting to exhibit more aggressive net play and has improved court coverage.

4.0 Has dependable strokes, including directional control and depth on both forehand and backhand sides on moderate shots, plus the ability to use lobs, overheads, approach shots and volleys with some success. May be starting to master the use of power and spins (though tends to over-hit difficult shots). Rallies may be lost due to impatience.

INTERMEDIATE - ADVANCED PLAYER

4.5 Starting to master the use of power and spins and beginning to handle pace, has sound footwork, can control depth of shots and is beginning to vary game plan according to opponents. Can hit first serves with power and accuracy and place the second serve. Tends to overhit on difficult shots. Aggressive net play is common in doubles. May have played high school varsity or college club or lower level varsity tennis.
